John Doe

Beginner Data Scientist

Email: john.doe@example.com | Phone: +91 98765 43210 | LinkedIn: linkedin.com/in/johndoe

Professional Summary

Enthusiastic and analytical Data Scientist with a solid foundation in Python, statistics, and machine learning. Passionate about transforming data into actionable insights and eager to apply academic knowledge to real-world business problems. Skilled in data analysis, visualization, and model building, with a focus on continuous learning and practical application.

Technical Skills

Programming Languages	Python, R, SQL
Libraries & Tools	Pandas, NumPy, Scikit-learn, Matplotlib, TensorFlow
Databases	MySQL, SQLite
Other Skills	Data Visualization, Machine Learning, Data Cleaning, Data Preprocessing

Education

Bachelor of Science in Computer Science — XYZ University, Pune (2021 - 2024)
Relevant Coursework: Data Structures, Probability & Statistics, Machine Learning, Database Systems.

Projects

1. Sales Forecasting using Machine Learning
Built a linear regression model to predict product sales based on historical data. Improved forecast accuracy by 18%.

2. Customer Segmentation Analysis
Used K-Means clustering to group customers by purchasing patterns and demographics. Identified three major customer segments for targeted marketing.

3. Movie Recommendation System
Developed a collaborative filtering model using Python to suggest movies based on user preferences.

Certifications

- Google Data Analytics Professional Certificate (Coursera)
- Python for Data Science (IBM Skills Network)

Soft Skills

Problem Solving | Communication | Team Collaboration | Critical Thinking | Time Management
